

April 13, 2020

Dear CFISD Family,

With the extension of Learning At Home through May 1, 2020, we want to provide you an update on grading for the 3rd and 4th marking periods. We are committed to support the learning of every student impacted by this situation. In order to ensure learning gaps are not intensified, CFISD will continue utilizing every resource available to help your child succeed.

Please review the details below regarding the 3rd & 4th Marking Periods:

We know that nothing can replace in-person instruction and interaction between students and teachers. While our buildings remain closed and professional staff work remotely, we remain committed to supporting student learning. We encourage all students to engage daily in the Learning at Home curriculum.

As always, if you have specific questions about your student's education, please contact the appropriate staff member on your student's campus.
